EIGHTH AND FIFTH ARMIES POUNDING NORTHWARD ON BOTH COASTS ITALY

VETERAN BRITISH TROOPS STRIKE AT ADRIATIC COAST

ACTION IS ANOTHER SEABORNE OUTFLANKING HOP TO TERMOLI

By ALTON L. BLAKESLEE Associated Press War Editor.

Allied arms have carved out new gains in Italy, with seaborne British troops striking almost halfway up the Adriatic coast to land at Termoli, and with Corsica virtually cleared of Germans. It was announced officially today.

But to the east, the Germans were hitting back, landing in strength on the Island of Coo near Turkey, second largest in the Dodecanese, and Cairo acknowledged the nazis had seized several important positions. Allied air power hammered at invasion boats and "the fighting continued."

A Berlin broadcast declared that all military installations had been taken on the island, won by the British parachute troops Sept. 22. The Eighth army units taking Termoli advanced allied lines 17 miles farther north on the Adriatic coast from the Fortore river.

Outflanking Movement. The new landing, in another seaborne outflanking hop, was announced today as the Germans were retreating in central Italy, and after American units of the Fifth Army had reached Benevento 32 miles northeast of Naples and crossed the Calore river. The Calore feeds into the Volturno river, forming what was the nazis' first potential water line of defense above Naples.

The important island of Corsica was all but cleared of Germans when Moroccan Goums entered Bastia, the last major town, today. Only isolated pockets of nazis now are left in Corsica.

Cutting behind German rear-guards, the British landing at Termoli beat off counter-attacks, took prisoners, and later secured a junction with other British Army units driving up the coast.

General progress of the Fifth and Eighth armies continues, the allied communique declared. Half a dozen towns had been enveloped in the advances in the center and along the Adriatic—the historic invasion route—with much slower work in the west in driving north of Naples. Allied planes knocked out the German coastal bridge at Capua over the Volturno.

Several Towns Taken. Swept up in these advances were Motta, 28 miles northwest of Foggia, Montemiletto, 11 miles northwest of Benevento, and 20 miles northeast of Benevento, and other towns, extending allied holdings farther in the central sector. Termoli is 50 miles above the air center of Foggia.

Previously, the allied line had run from the Fortore river south to Frigento, and then west 45 miles to Naples, with a widening bulge northward toward Benevento.

As the land armies punched deeper, the allied air arm from Britain spread widening havoc over Germany itself, with Flying Fortresses smashing by daylight today at the

GERMAN TROOPS IN RUSSIA FARED WITH LOSS OF CAUCASUS

RED ARMY TROOPS STORM ACROSS PRONYA RIVER CENTRAL FRONT

LONDON, Oct. 4.—(AP)—German troops were threatened with the loss of their last tenuous foothold in the Caucasus today as the Red army drove them back from Staro-Tamanskaya on the Taman Peninsula, while on the upper Dnieper river the nazis fought furiously to block a Russian flanking movement aimed at Mogilev.

The announcement of the fall of Staro-Tamanskaya was made by the Berlin radio, and the full extent of the German collapse in the Caucasus was indicated in a Russian communique last night which told of the sinking of a number of troop-laden ships which apparently were attempting to evacuate the remnants of the shattered German army across the narrow Kerch Strait to the Crimea.

On the central front, Moscow said, more than 2,000 nazis were killed as the Russians stormed across the Pronya river, 28 miles east of Mogilev, to occupy 70 villages in a maneuver which threatened to turn the German flank in that sector.

South of Mogilev the Russian columns pivoting on Gomel found their assaults slowed up by the Germans, who launched numerous counter attacks all of which the Russian communique said were repulsed with German losses of more than 1,200. The Russians advanced from 3 to 5 miles and captured 20 villages.

The Russians were apparently called to the Dnieper river barrier in the vicinity of Kiev and Dnepetrovsk to the south, and the Soviet communique told only of reconnaissance and heavy artillery fire.

INVASION OF ITALY ONLY MADE POSSIBLE BY PLANE COVERAGE

SEATTLE, Oct. 4.—(AP)—Every plane the allies could get off Mediterranean soil was thrown into the invasion of Italy, and yet it very nearly wasn't enough, says Gen. Henry H. Arnold, chief of the U. S. Army Air Forces.

The invasion would not have been possible with fewer planes, he said last night, "as a matter of fact, we had to gather these planes together from every source possible—from out training centers, from depots, from modification centers—to do the trick."

"The task would have been easier with more planes; it could not have been done with less."

General Arnold credited the U. S. and British air forces for saving allied troops from annihilation at the Salerno bridgehead in Italy in calling last night for greater and greater bomber production. He spoke at the opening of a war games demonstration in connection with a drive to recruit 9,000 new workers for the Boeing Aircraft Company, whose Flying Fortress he termed "the outstanding heavy bomber of the war x x x praised to the skies by the allies and damned to hell by our enemies."

TREASURY REQUESTS ADDITIONAL TAXES OF \$10,500,000,000

REPEAL OF VICTORY TAX INCLUDED IN ADMINISTRATION PROGRAM

WASHINGTON, Oct. 4.—(AP)—Secretary Morgenthau asked congress today to provide an additional \$10,500,000,000 a year in wartime taxes taking \$6,500,000,000 of this huge sum from individual incomes.

Repeal of the Victory tax, which Morgenthau said would relieve 9,000,000 hard-pressed families from tax on their incomes, was included in an administration program which embraced also big increases in corporation and excise taxes.

With President Roosevelt's approval, the Treasury Secretary presented to the house ways and means committee the tax plan designed to boost annual federal revenues to nearly \$50,000,000,000—approximately one-third the national income.

In brief, it proposed: 1. Individual Incomes—Raise rates and lower exemptions so as to gather in an additional \$6,500,000,000 annually. Merge the Victory tax with the income tax law.

2. Corporations—Raise rates so as to raise another \$1,000,000,000, with small corporations given "special favorable treatment."

3. Excise Taxes—Stiff increases in taxes on so-called luxuries including liquor, beer, tobacco, travel, pop and gum—for an added government income of \$2,500,000,000.

Some Would Be Refunded. Of the increased take from incomes, Morgenthau proposed that \$2,000,000,000 and \$3,500,000,000 be made refundable after the war.

At the same time, however, the treasury head suggested broadening of the social security system to increase job insurance benefits and provide payments for temporary disability and hospitalization.

"A substantial increase in social security payroll taxes," Morgenthau said, "would be of immediate service in diminishing the threat of inflation x x x"

JAPANESE POSITION ON NEW GUINEA HAS GROWN UNTENABLE

CAPTURE OF FINSCHAFEN BY AUSTRALIANS ADDS TO ENEMY TROUBLES

By The Associated Press. Japanese troops, ousted from Finschhafen, are compressed into virtually hopeless positions on Huon Peninsula in New Guinea, and the whole northeastern shore to Madang is menaced by the allies.

Huon Peninsula just out toward strategic New Britain. The veteran Australian Ninth division seized Finschhafen Saturday, and Australians are pressing against the Japanese by land.

Gen. Douglas MacArthur declared that allied advances by ground and air striking up from Lae and over the mountains to the Ramu river valley had "outflanked and contained all enemy centers between Finschhafen and Madang, and rendered practically useless numerous positions and installations along the coast."

The speed of these thrusts "caught the enemy completely by surprise and has resulted not only in the dislocation of his grip on British New Guinea, but has caused him large losses with no compensating damage inflicted on our own forces," he declared.

The Japanese, attacking meanwhile in Southeastern China, with the apparent purpose of blunting possible Chinese drives upon their positions in the Shanghai-Nanking-Hankow triangle, Chuching announced the loss of several towns, and casualties on both sides. The Japanese are bringing up reinforcements and the fighting is growing fiercer.

By C. YATES McDANIEL ALLIED HEADQUARTERS IN THE Southwest Pacific, Oct. 4.—(AP)—Their last important coastal supply base gone and their land flank beset by a column of Australian troops, the Japanese on New Guinea's Huon Peninsula today were squeezed between the mountains and the sea.

The enemy's position, General Douglas MacArthur said in a communique, was futile if not untenable. See PACIFIC WAR, Page 4.

Important German Industrial Cities Smashed From Air

LONDON, Oct. 4.—(AP)—American Flying Fortress supported by long-range Thunderbolts, swept into Germany today and attacked targets in Frankfurt, which is 91 miles southwest of Kassel, where RAF heavy bombers struck last night, it was announced today.

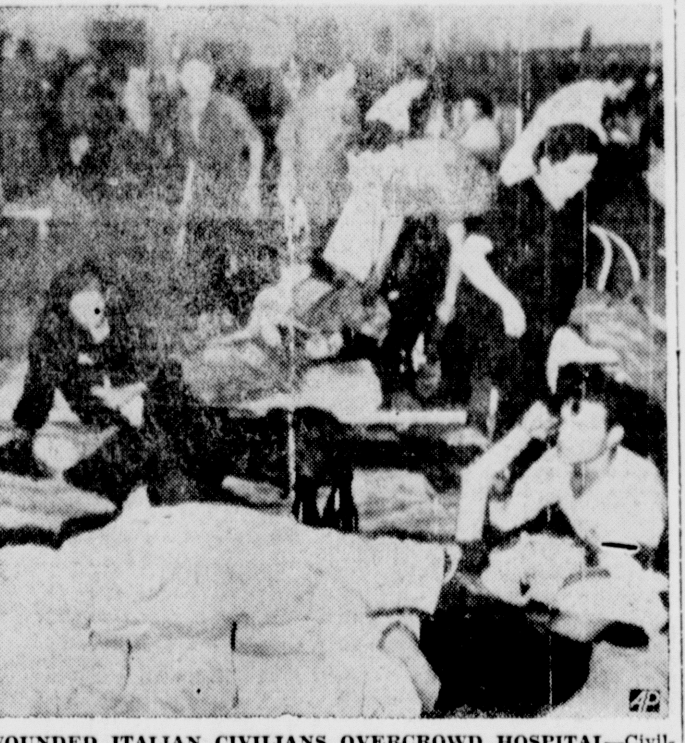

The air ministry also said that British Mosquitos bombed Hanover and targets in the Rhine land last night. Other bombers hit targets in enemy waters.

A British communique described the Kassel attack as "very heavy" and said preliminary reports indicated "that heavy damage was done to this important industrial target." The weather was described as excellent.

The RAF's night operations, including the Kassel raid, cost 24 bombers. Frankfurt, with a population of more than half a million, is a big inland port on the main river, a railway center, and the site of large oil refineries, chemical plants and other war factories.

It was the 37th day of the war on that city. It has been untouched by air assault, however, since last December.

NAVARRO COUNTY CITIZENS BACK THEIR FIGHTING MEN WITH OVERSCRIPTION BONDS

GRAND JURY FOR OCTOBER TERM WAS EMPANELLED MONDAY

FOLLOWING ORGANIZATION BODY RECESSED SUBJECT TO CALL

Navarro county October term grand jury was empanelled Monday morning by A. P. Mays, district judge, who called the probers attention to several matters in his charge. After organization, the grand jury recessed, subject to call.

Judge Mays stated in his charge there had been a great deal of complaint in the past about the "so-called enforcement of certain 'chivalry' laws by certain local officers." The court told the grand jury he was instructing it that he did not think an investigation into the matter was needed, but the situation would be a "watchful eye."

Judge Mays explained the necessity of an indictment by a grand jury before a person can be tried on a felony, and pointed out the duties and powers of the investigating body, but reminded the jury that it would generally get only one side of a case, and unless a clear case was developed, an indictment should not be returned.

Discussing the gambling statutes, Judge Mays said dice game among negroes and some whites were too petty for its consideration, and can be best handled in justice courts, but warned the jury that it should look out for organized rings and gambling houses. Reference was made to the statute relative to "bawdy houses."

Smith is Foreman. J. F. Smith, local banker, was named door keeper and Walter Hayes of Corsicana was selected as riding bailiff.

Only thirteen of the panel answered the roll call Monday morning, three having been previously excused by the Court. George M. Dewberry, negro, Corsicana, asked to be excused and his request was granted.

TERMOLI ON ADRIATIC COAST IS CAPTURED; AMERICANS ADVANCE

GEN. MONTGOMERY GETS NAVAL SUPPORT IN HIS NORTHWARD TREK

By NOLAN NORGAARD ALLIED HEADQUARTERS, ALGERIA, Oct. 4.—(AP)—The British Eighth army, with the support of Allied naval forces which penetrated the Adriatic, have landed and clinched positions at Termoli, on the Adriatic coast almost midway between the Italian heel and the mouth of the River Po in Northern Italy, official front-line dispatches announced today.

Simultaneously, United States troops of Lt. Gen. Mark W. Clark's Fifth army, have surged forward from Benevento in their march on Rome from Naples and have captured an important crossing of the Calore river, thereby threatening to turn the flank of any water defense line which the Germans may attempt to hold along the Volturno river.

Gen. Sir Bernard L. Montgomery's advance up the Adriatic coast—along the historic path of conquest toward the Emilian Way, which leads to the Po valley—like-wise threatened to turn the defenses of German Marshals Rommel and Kesselring which may be centered about Rome and the Apennines.

His march was advanced greatly by the leapfrog tactics of amphibious landing forces which seized Termoli by surprise, beat off German counterattacks, took an undisclosed number of prisoners well behind the enemy's rear and then made a junction with the main body of the Eighth army which continued up the coast.

Once again the allied forces resorted to the leapfrog practice that first proved successful in Sicily, particularly along the northern coast.

Cleaning Up Salient. The communique also announced the occupation of Montemiletto, a village in the center of the line 11 miles southeast of captured Benevento, where Fifth army forces are clearing up the Melfi salient from which German troops yesterday were said to have withdrawn.

British units also swept into Motta, 10 miles above Foggia, the announced goal.

On the west coast, allied air formations concentrated on enemy front formations north of Naples and knocked out a vital bridge at Capua, over which withdrawing columns of enemy troops had been moving across the Volturno river.

The communique also announced that the Fifth army had crossed the Calore river which flows into the Volturno to form the first likely German defense line north of Naples.

General progress of both the Fifth army and Eighth army continues up the peninsula, the communique said.

TAXES AND POSTWAR COLLABORATION ARE FACING CONGRESS

MORE THAN TEN BILLIONS IN NEW TAXES EXPECTED TO BE ASKED

WASHINGTON, Oct. 4.—(AP)—The house was engrossed today in the problem of extracting more money from the taxpayers for next year's war effort, when the senate gazed even further ahead and expressed unofficial endorsement of postwar international collaboration.

Treasury Secretary Morgenthau, appearing before the house ways and means committee, is expected to warn that \$10,500,000,000 in new taxes will be needed in 1944 to pay war bills and put the checkbooks on inflation.

The new levies he was reported ready to urge would give income taxes another boost, both for individuals and corporations, and in addition would stiffen excises on luxury items such as liquor, beer, tobacco, soft drinks, chewing gum and on travel.

Higher taxes, Morgenthau has insisted are imperative if victory is to be won.

And a majority of the senate believes that once the war is won, peace can be maintained only by "appropriate international machinery" empowered to establish and maintain it.

Thus did veteran observers interpret the results of an Associated Press poll which showed at least 42 out of 89 senators in favor of the principles of the house-approved Fulbright resolution. But they noted that there are so many different viewpoints, that any declaration of foreign policy would have to be vague and general in its commitments.

In addition to the 42 senators who voted "yes" in the poll, there

HIGH PRAISE FOR TEXANS TRAINING WITH THIRTY-SIXTH

MADE MOST FAVORABLE IMPRESSION WITH NEW ENGLANDERS

Impressions of New Englanders of the Thirty-Sixth Division, U. S. Army, composed in part of Corsicana and Navarro county soldiers, while training at Camp Edwards is contained in the following article recently appearing in the Falmouth (Mass.) Enterprise, which will be interesting to Texans:

A few months ago we were wondering when the 36th Division would go overseas, speculating why this long-trained outfit remained at Edwards while transports carried thousands of other men to the battlefronts. Our speculation was spurred by our experiences with the 36th.

We enjoyed many of the officers and men of the 36th who lived in the villages with us. We profited by the number of them who patronized our stores. And we observed that the outfit was lean and toughened, and by and large, ready for any kind of a scrap. We had moments of feeling that much good scrapping spirit was going frittered away on Cape Cod.

Now Germany tells us the 36th landed at Salerno. American news dispatches tell us Texans have distinguished themselves in hard fighting at the beach heads. In all, say, "I told you so." Falmouth never doubted that the 36th would hold its own in any kind of a rough house.

We said good-bye to the 36th with mingled emotions of relief and regret. We knew then we would never entertain another such bunch. And chances are we never will. But it must be a big hard for us to realize that now the Texas women are separated from their soldiers.

The Texas women who arrived in Falmouth in August, 1942, boasted "Where our husbands go, we go." They didn't expect to follow their menfolk overseas. They had followed them across the continent. They intended to stick to them until the day of embarkation. They were proud of their camp following; proud that they followed the men in one big group.

Men wise in army ways have told us repeatedly this was true. Many an army wife follows her husband from camp to camp. With the 36th it seemed as if every wife moved with her husband. The division traveled as a group. The wives descended upon Falmouth as a group.

The result in Falmouth was immediate strain to bursting of our housing facilities, and months long business boom in our villages. Many outfits have moved in and out of Camp Edwards since. None has caused the impression which the 36th brought.

Of course, we are interested in news of the 36th from Italy. Of course, we'll watch its fighting prowess. Our Texan visitors were as much Texans when they left as when they came. We may be pardoned for observing that we remained Cape Codders. Still, a link was forged, perhaps a stronger link because of the differences it encompassed. Many of our Texans said they'd come back to see us after the war. We want to see them back.

SENATE MAJORITY FOR COLLABORATION BUT OF MANY KINDS

By JACK BELL.

WASHINGTON, Oct. 4.—(AP)—A majority of the senate favors international collaboration after the war, but there are so many different viewpoints that any foreign policy legislation now almost certainly would have to be vague and general in its commitments.

That was the interpretation placed by veteran observers today on the results of an Associated Press poll in which 80 senators were asked if they would support the house-approved Fulbright peace resolution if it came to a vote in its present form.

Of the 80, a total of 42 said they favored the principle of the measure, which would record congress as favoring American participation through constitutional processes in appropriate international machinery, to establish and maintain a just and lasting peace among the nations of the world.

Eleven senators opposed the measure in its present form, 38 declined to commit themselves and seven were not reached.

Among the 38 who declined to state "yes" or "no" views were at least 10 who publicly have said they favor some form of international collaboration. If these were added to the 42 who gave qualified or full endorsement of the Fulbright measure, the 52 total would be three more than a majority.

Included in the group who would not commit themselves were Chairman Connally (Dem.) of Texas, of the senate foreign relations committee and Senators Vandenberg (Rep.) of Michigan and White (Rep.) of Maine, who have drafted their own foreign policy declarations.

American Cities Must "Decongest" Post-War Streets

CHICAGO, Oct. 4.—(AP)—American cities and states must consider "decongesting" their streets as part of their postwar planning, the president of the National Institute of Traffic Engineers believes.

"The present congestion will be extremely serious right after the war," Harold F. Hammond, director of the traffic and transportation division of the National Conservation Bureau and newly-elected president of the institute, said, adding, "and planning should start immediately to find ways and means of decongesting our important network of streets and highways and making them accident proof."

"Streets and highways are no good unless they will carry traffic expeditiously and safely," he said.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed, bronchial mucous membranes.

Creomulsion blends beechwood extract by special process with other tested medicines for coughs.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

RENEWAL DRIVERS' LICENSES URGED ON PEOPLE OF TEXAS

AUSTIN, Oct. 4.—(AP)—State Police Director Homer Garrison today asked Texas drivers to take a look at the dates on their operators' licenses. The first group of the new type licenses which are good for two years from the date of issue, begin expiring this month.

Renewal forms are available at drivers license offices in all court houses, and in some localities at other places.

"Texas people are bothered with so much red tape now that we are especially anxious to carry out the renewal program with a minimum of inconvenience to them," Garrison said. "It will help the people and the Department of Public Safety a great deal if applicants for renewal will be careful to observe the following points:

"Be sure the application is properly filled out. It has been necessary in the past to reject many applications because of insufficient or incorrect information.

"The application must be accompanied by a recent photograph which is to be torn off the present license.

"The application must be mailed prior to the expiration date of the current license. If this is not done, the law provides that the applicant must be treated as a new driver and subjected to an examination.

"The application must be mailed to the Department of Public Safety in Austin. Each application must be processed in the headquarters office so that remedial action may be taken with drivers who have been involved in numerous accidents or traffic violations.

"The application should be accompanied by a money order of cashier's check for .50, the fee for a two-year license. Personal checks cannot be accepted, and it is not possible to send uninsured cash through the mails."

Germans Landed In Strength Upon Island of Coo

CAIRO, Oct. 4.—(AP)—The Germans landed in strength on the island of Coo in the Italian Dodecanese and secured several important points in fighting with the British garrison, the Middle East command announced today.

"The fighting continues," said the communique.

Four enemy boats off Coo were attacked from the air all day yesterday, however, and many hits were scored, with Beaufighters, Baltimore and Hudsons all joining in the fierce assault.

Four enemy Liberators and Halifax bombers of the RAF also entered the fray by attacking airfields at Calato on Rhodes Island Saturday night in an effort to upset the enemy's plans for air operations over the island.

Similar bombings were carried out last night against Heraklion airfield in Crete another air-support base for the enemy's operations.

Two German dive-bombers were shot down over Coo, while the British lost six planes.

The German offensive was the first serious countermove against allied infiltration among the Aegean stepping stones of the Aegean.

New Safety Director

John Binford, former Dallas sports writer, is the new director of safety at the American Well & Precepting Company following his recent discharge from the U. S. army engineering department.

His family moved to Corsicana from Dallas during the week end. After leaving the sports desks with the Dallas Dispatch and Dallas Times-Herald, Binford, well known in Corsicana, was in the public relations work at Camp Wolters, the San Antonio Aviation Cadet Center, San Antonio, Camp Hood, and at Del Rio. He came to Corsicana three weeks ago from Del Rio.

Binford attended numerous football games in Corsicana years ago when the Bengals were among the leading football title contenders in the University of Texas Inter-scholastic League.

Ickes Threatens Reduce Use Gas Western States

WASHINGTON, Oct. 4.—(AP)—Petroleum Administrator Ickes called in 37 Western members of congress today and bluntly told them: "There is going to be less gasoline in the near future in the ten Pacific Coast and Rocky Mountain states."

The Westerners, some of whom received the news indignantly, were told the gasoline reduction for civilian purposes will amount to about 15,000 barrels a day.

When asked what changes would be made in the value of A, B and C gasoline coupons—now four gallons a week for each Ickes said he had nothing to

CINDERELLA TEAM OF SOUTHWESTERN WINS GAMES REGULARLY

GEORGETOWN COACH HAD GREAT TEAM LAID ON HIS DOORSTEP

GEORGETOWN, Oct. 4.—(AP)—Football's Cinderella man may have won his race with the clock. Before it comes 12 he should have a pretty strong claim on the college championship of Texas. Georgetown's Cinderella man is J. M. Medley, coach of Southwestern University. He had an all-star football team left on his doorstep in the college naval program. The team has played three games and won them, beating North Texas Aggies 20-0, Ward Island Marines 14-0 and Texas Tech 14-7. The next game is Saturday night when the Pirates play South Plains Army Air Field and Lubbock. Then Oct. 15, Southwestern again plays the North Texas Aggies, this time at Austin.

The Pirates will be at full strength for Tulsa, game but Oct. 25 Southwestern is scheduled to lose most of its starting team—Jackie Field, Ken Matthews and Spot Collins, backs; Zuehl Conroy, Les Proctor, Harold Fickens, Bubba Barnett and Jack Sachs, linemen. They will be leaving for boot camp with the Marines. Three Hard Games.

After that, Southwestern plays Tulsa, Bryan Air Field and Rice. Medley will have a good team left despite the loss of the former Texas and Baylor stars but beating Tulsa, one of the top eleven of the Southwest, will present quite a problem. However, if the Pirates can coast in with wins over Bryan Air Field and Rice, they still can lay claim to the championship of Texas.

All three of the Texas college teams outside the Southwest conference will have games Saturday. While Southwestern plays South Plains Flyers, the Aggies will be meeting the fifteenth Training Regiment of Camp Fannin at Tyler in a night tilt, and Texas Tech will be clashing with Tulsa at Tulsa.

Here are their season records: Team—W L Pts Op Southwestern.....3 0 88 1 North Texas Aggies.....1 2 26 Texas Tech.....1 2 39 48

George R. Priddy, Long-Time Hubbard Resident Is Buried

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY BY VERONICA DENGEL

BLACK LINGERIE.

Lovely negligees of a so-glamorous type that they used to wear; in the very expensive shops, can now be found within the price range most of us. This stunning sheer black worn by beautiful Rita Hayworth, soon to be seen and starred in Columbia's technicolor production "Cover Girl," would lend beauty and elegance to any wardrobe—but it is a perfect choice for the bride who is going away for a few days. It takes away that time-worn "baby pink and blue" effect that has many a girl's face as the only change from white.

And surely it will add mystery and allure to whatever may be the adjective you want applied to you.

The girl who can sew at all could quite easily make herself an outstanding gown of this type.

—but if you are too busy, or nervous, or learned to take a stitch (!) then I'm sure you will find wonderful selections this fall. Frankly I have never seen as much black shown before in the regular type of shops. For myself, I have gone in for black underwear in a big way this year. Nightgowns, slips and bras—and I love them. And I think you will too. They launder very well—and your slip should hang a bit below your dress one day that you neglected to check for this—at least it won't be a bright pink under a black dress. But don't let it show—ever.

All requests for personal "Health Beauty Police" information desired by Veronica Dengel's column followers will be accompanied by a fully self-addressed, stamped envelope (4 x 6). Address: Veronica Dengel in care of this newspaper.

COLLEGE FOOTBALL TAKES TO WINGS FOR BASEBALL THIS WEEK

By HAROLD CLAASSEN

NEW YORK, Oct. 4.—(AP)—College football steps into the wings the early part of this week for the world series but crowds back onto the stage this weekend with contests as Notre Dame at Michigan and Duke visiting navy. Those two games include four of the nation's best teams and their coming collisions have built up such enthusiasm that Michigan's acting ticket manager, Andrew Baker indicated that the Midwestern scrap might be a sell-out by tomorrow.

Notre Dame drubbed Georgia Tech on the accurate flinging of Angelo Bertelli, 55 to 13, to prepare for the Wolverines. The big Ten club, in turn, downed Northwestern 21 to 7, but wasn't too impressive.

Duke, which hasn't been scored upon in three games, punished the North Carolina Pre-flight outfit, 42 to 0, while Navy had almost as easy a time in drubbing Cornell, 46 to 7.

Scores as a whole last Saturday were of the lopsided variety. Army crushed Colgate, 42 to 0; Pennsylvania trimmed Yale, 41 to 7; Princeton downed Columbia, 25 to 7; Dartmouth blanked the U. S. Coast Guard Academy, 47 to 0.

In the Midwest, Great Lakes knocked off Pittsburgh, 40 to 0; Indiana worked over Wabash, 52 to 0; Minnesota drubbed Nebraska, 54 to 0; Ohio State downed Missouri, 27 to 6 but Wisconsin stopped Iowa, 7 to 0.

Upsets were frequent in the South and Southwest where Louisiana State mastered Rice, 20 to 7; Southwestern trimmed Texas, 10 to 7; and North Texas State knocked off Southern Methodist, 20 to 6. Pacific Coast teams followed form with Southern California edging out California, 7 to 0, in the major contest.

Announcement in Washington that President Roosevelt had approved the Nov. 27 Army-Navy treaty apparently spurred the two service elevens to their big triumphs. The President ruled the game must be played at West Point, however, with only bona fide residents of the area eligible for tickets.

Except for the two top games this week-end's program lacks lustre except for the meeting of Pennsylvania and Dartmouth in Philadelphia.

PACIFIC WAR CONTINUED FROM FIRST PAGE

able, and the allies had every reason to believe the entire northeastern New Guinea shoreline as far as Madang was within grasp.

Finschhafen, the major enemy anchorage and air station on the eastern coast of the Huon Peninsula, fell Saturday to Australia's famed 11th division, battle-hardened veterans of Tobruk and El Alamein.

That in itself assured the allies final control of the Huon Gulf, of which Lae and Salamaua are situated.

But through a simultaneous air and ground advance, pressed persistently up the Markham river from Lae and over the mountains of interior New Guinea to the ram river valley on the northwest, the allies have achieved dominance of the entire Peninsula as well.

Captured By Surprise. "The speed of this double development caught the enemy completely by surprise and has resulted not only in the dislocation of his grip on British New Guinea but has caused him large losses with no compensating damage inflicted on our forces," General MacArthur declared triumphantly.

"It has outflanked and contained all enemy centers between Finschhafen and Madang and rendered practically useless numerous positions and installations along the coast."

Thus, in less than three weeks since the fall of Lae Sept. 16, MacArthur's forces have come close to clearing the Japanese from a strip of New Guinea taken in the early days of the war, and as long as that taken in the preceding seven months' slow advance from Buna to Salamaua.

Furthermore, MacArthur disclosed, these new successes have been obtained with forces "always less than those available to the enemy" and at a cost of "extraordinarily light" losses.

Japs Claim Sink Allied Ships. LONDON, Oct. 4.—(AP)—A communiqué broadcast by the Tokyo radio today declared that Japanese naval units had sunk six allied submarines during September "near Japan proper and in other operational areas."

The bulletin provided indirect confirmation of U. S. Navy announcements concerning the extensive operations being carried out by American submarines in Japanese waters, where they have been reported taking a heavy toll of enemy shipping. The Japanese claims concerning the number of Americans reported sunk, however, is not borne out by American acknowledgment of submarine losses.

Patriot Troops Capture Town. LONDON, Oct. 4.—(AP)—The Yugoslav radio in a communiqué recorded by Reuters today announced that patriot troops have captured the Montenegrin town of Kolindin on the Tara river 75 miles inland from Dubrovnik.

Troops of the first Croat corps have occupied the railway station of Generali-Stol on the Zagreb-Susak line, the Bulletin added.

Danish Jews In Sweden. STOCKHOLM, Oct. 4.—(AP)—Southern Sweden has become a haven for at least 1,100 Danish Jews who fled by boat, by downing of the guns of Nazi patrols rather than face deportation to Polish or Baltic labor camps, it was estimated here today.

The nation opened its arms to the refugees, who used rowboats and fishing smacks to run the gauntlet of alert Germans across the narrow channel which separates the two countries. Offers made by the Swedish government to Berlin to provide a haven for 8,000 of the 10,000 Jews in Denmark have been ignored by the Nazis.

Up To United Nations. WASHINGTON, Oct. 4.—(AP)—British Ambassador Lord Halifax, in an article written for the magazine "World Affairs," expresses the belief that the United States, England, Russia and China are the nations which have the most to contribute in "getting the world on its feet again after the war."

"Between us," he writes, "we dispose of a very large part of the world's resources in manpower, industrial strength and material wealth. If we want a better world... it is up to us to get it started."

Rogers Voices Warning. BEVERLY HILLS, Calif., Oct. 4.—(AP)—Rep. Will Rogers Jr., home from a seven-weeks' visit to England and Ireland, warned today against the assumption that Germany's production has been crushed by British and American bombing raids.

Rogers told newsmen that reports of the devastation disclosed in the pictures of bombed areas Germany is moving plants to the front to minimize transportation difficulties, and taking others inland to avoid bombs.

Marauder Pilot Killed. AT A U. S. MARAUDER BASE IN ENGLAND, Oct. 4.—(AP)—Capt. Don F. Scott, 23, former Ohio State University football star and commanding officer of a Marauder bomber, was killed Oct. 4 along with his copilot and test engineer in a routine training flight near this base, it was announced today.

He had been on nine operational missions over Europe, and his commanding officer, Col. Carl H. Storrer, San Antonio, Texas, said of him: "Capt. Scott was one of the best pilots in the air corps. Much was expected of him as a commanding officer. His ability as a pilot and leader of men was outstanding and he will be difficult to replace."

Germans Get Through Channel. LONDON, Oct. 4.—(AP)—British long range coastal batteries shelled a German convoy passing through the English channel during the night, the Berlin radio announced that shortly after lively gunfire had been heard along the coast.

The broadcast, recorded by the Associated Press, said that German big guns based in France had shelled Ramsgate, Dover and Folkestone at the same time.

The announcement claimed the convoy escaped unharmed and that a large fire was started in the Dover area.

Radio Listening Banned. DONDON, Oct. 4.—(AP)—Anyone in Italy "spreading information about the Badoglio government" is subject to penal servitude, the Berlin radio said today. Listening to radio broadcasts other than German or Italian is prohibited under the same penalty, the radio added.

Soufries Aided Landings. ALLIED HEADQUARTERS, ALGIERS, Oct. 4.—(AP)—Seafires—the British fleet air arm's carrier-borne version of Spitfires—flew from five carriers, four of which were built in the United States, provided a substantial portion of the air cover for warships and tankers participating in the Salerno landings, the Allied naval command disclosed today.

Say Herriot Not Dead. BERN, Switzerland, Oct. 4.—(AP)—A Vichy dispatch to the Gazette de Lausanne said today that Edouard Herriot, former president of the French republic, was at a clinic in Nancy where his health is improving.

Continued from first page. The German communiqué indicated a considerable slackening of activity along the entire Eastern front, reporting only local Soviet attacks in the Kuban peninsula of the Caucasus and scattered clashes with the Russian troops which had forced crossings of the Dnieper.)

Last year's Russian winter offensive did not begin until Nov. 19. The line generally appeared to have been stabilized until the early winter frosts freeze a new, hard track for campaigning.

Some further advances, however, were still being made today in White Russia toward the east bank of the upper Dnieper. Most progress was being made toward Mogilev where the Red army yesterday crossed the Pronya river 29 miles east of Mogilev. The Russians pushed more slowly through the strongly-defended populated points near Gomel.

After German resistance at the points of attack was indicated by estimates in last night's Soviet communiqué that 155 enemy tanks were destroyed or damaged Oct. 2. This was the highest figure since August.

Autumn Rains Over Most Russian Front

By HENRY C. CASSIDY

MOSCOW, Oct. 4.—(AP)—Activity on the Soviet-German front was confined to Red Army attacks in the Gomel and Mogilev sectors of White Russia today as autumn rains prevailed over most of the long battle line.

The Russians kept up sharp scouting activity and long-range artillery duels elsewhere along the front where the Red army lines were lodged against the German defenses on the Dnieper and upper west Dvina rivers.

A lull in military operations is customary at this time in Russia when the rains create virtually impassable bogs of vast stretches of the country.

Morgenthau 'Explains' New Income Tax Plan

WASHINGTON, Oct. 4.—(AP)—Treasury Secretary Morgenthau gave these examples of how the new integrated victory, normal and first bracket surtax proposal would work:

A married person with two dependents: "Under the present law, the income tax exemption could amount to \$1,900, and the victory tax exemption would usually amount to \$624; under the proposal there would be one exemption amounting to \$1,700.

"Such a person having a net income of \$1,000 a year will pay a gross tax under the present law of \$25, of which \$11 is his refundable victory tax credit. Under the new proposal, he will not be required to pay any tax at all.

"If such a person is earning \$1,000 a year, he is now paying a gross tax of \$327, of which \$60 is his victory tax credit. Under the new proposal, he would pay \$384 or \$57 more than his present gross income tax.

"A married person with two dependents earning \$8,000 a year is now paying a total of \$1,735 of which \$182 is his victory tax credit. Under the present proposal, he would pay \$2,523 or \$788 more than his present gross tax."

"At \$25,000 per year, a married person with two dependents is now paying \$10,171 of which \$967 is his victory tax credit. Under the new proposal, he would pay \$12,750, or \$3,579 more than his present gross tax."

Dawson Lion to Speak. Ray Waller, superintendent of schools of Dawson, president and charter member of the Dawson Lions club, will be the speaker at the regular Tuesday luncheon of the local Lions club. The program committee for Tuesday is composed of Gaston Gooch and Alton Justis.

MAJOR M. P. LEE IS RETIRED FROM ARMY SUBJECT CALL

CORSICANAN HAS HAD
AN INTERESTING CAREER
IN FOUR WARS

STROTHER ARMY AIR FIELD
Kansas, Oct. 4.—(SPL.)—In accordance with a newly revived war department program retiring men aged 60 or over, Major Marcellus P. Lee, special projects officer at Strotcher Field, has been placed on inactive status, subject to recall any time, it was announced today by headquarters of this aid field.

Born September 19, 1881, at Linden, Texas, Major Lee received his early schooling at Pittsburgh, Texas. Soon after graduating high school he made his way to Johannesburg, South Africa where he earned a degree in civil engineering from the Transvaal Technical Institute.

He remained in South Africa working with the gold miners of Johannesburg, and later for the fabulous Kimberley Diamond Mines. Away from his engineering routine the major found relaxation in his game hunting and fishing, an active hobby and interest that has stayed with him through the years.

Back to the States in 1918, he went to work for the building and ground division of the Treasury Department and with the engineering corps of the army. After a month's rest, Major Lee expects to go back with the Treasury Department.

Service In Four Wars.
The major has seen active service in four wars: the Spanish-American War, the Boer War, World War I, and the present conflict. Called away from civilian duties at the outbreak of World War 2, Major Lee was placed on active duty with the air corps and transferred to Strotcher Field in South Central Kansas.

His department has been responsible for the planting of grass, trees, and shrubbery the field over; the construction of flight stage houses at auxiliary fields; the officers' recreation club; the WAC housing; flagstone walks; the swimming pool; and aid given towards the construction of the bowling alleys and other special projects planned at this station. A full military review by the personnel of Strotcher Field was given in honor of the major's retirement the last Saturday of September. The following Monday at the officer's dinner were Major Lee was guest of honor, he was presented with an electric mixer. Major Lee's home in Corsicana is at 1017 Summit Avenue.

FUNERAL SERVICES HERE MONDAY FOR FORMER CORSICANAN

Funeral services for E. L. Gann, age 31, who died Saturday night in Baylor Hospital, Dallas, were held from the chapel of the Corley Funeral Home Monday afternoon at 4 o'clock. Rev. E. C. Gunner conducted the rites and burial was in Oakwood cemetery.

Gann was a former resident of Corsicana.

Surviving are his wife and daughter, Janie Lou Gann, Dallas; his mother, Mrs. Pauline Wentworth, Corsicana; his father, W. J. Gann, Franklin; three sisters, Mrs. Ben Williams, Tyler; Mrs. Jack Talley, Corsicana; Mrs. Leroy Tidwell, Purdon; and other relatives.

Funeral services were J. L. Molloy, Joe French, Walter Wilson, Everett, McKenize, Clift Humphries and Earl Ray Skipper.

Corporation Court.
Ten traffic violations topped the list of week-end law infractions, according to Monday morning's police report.

Five persons were cited for over-time parking, two for parking in a loading zone, and one for blocking an alley. One person paid a fine for over-time and another for blocking an alley.

Two men were arrested for disturbing the peace and a woman for abusive language.

MISSING IN ACTION—Staff Sgt. Scott Bowden, 22, son of Mr. and Mrs. John R. Bowden, Tupelo, has been missing in action in the North African theatre of war since September 9, according to a telegram received by his parents from the War Department. A graduate of the Rice high school, Sgt. Bowden, an aerial gunner on a Mitchell bomber, has been in the service since Aug. 1, 1941. A recent letter received from him by relatives told of completing his 48th mission. He received his training at Kelly Field and the Harlingen gunnery school.

CASE OF SCARLET FEVER DIAGNOSED HERE ON SATURDAY

A case of scarlet fever was diagnosed late Saturday in the 600 block on North Commerce street and the family has been quarantined. It was announced Monday by Dr. F. E. Sadler, director of the Corsicana-Navarro County Health Department.

It is the third case of scarlet fever in the county this year, he said.

The patient is a four-year-old boy. Dr. Sadler reported that immunization for diphtheria and smallpox among city school children was started last week and that the campaign would be carried into the county schools this week. He estimated that 4,500 children would receive this immunization, with from 250 to 300 being handled daily.
